Birthday Party Information

A Birthday Party at Scrapbooker's Dream is a truly *memorable* event!

Each kid needs to bring 8-10 photos of themselves that they can cut and use to make an "About Me" album.
Parties at Scrapbooker's Dream are recommended for kids ages 7 and up due to the sharp tools used.

Cost:

The cost of the party is based on the type/quality of the scrapbook and embellishment package chosen. Minimum 9 paid kids per party

Basic accordion album package: \$12 per child
including your choice of stickers or embellishments to be used at the party totaling **\$5**

Premium mini album package: \$14 per child
including your choice of stickers or embellishments to be used at the party totaling **\$10**

Included:

Included in the cost is a scrapbook, adhesive and cardstock as well as the exclusive use of our workshop area for up to 2 ½ hours. The kids will complete their albums with the assistance of a party host. They will be taught to use our die cutting machines, punches, and decorative scissors to make their albums as unique as they are!

Also **included** in the cost of the party is a snack and party decorations:

- Pretzels
- A drink box for each child
- Decorations. The workshop area will be decorated with a Happy Birthday sign and a balloon Bouquet

Plus – the Birthday child is FREE – and not included in the minimum.

Cake, pizza or other foods may be brought in at your expense. We would be happy to provide you with a list of several pizza places that deliver to Scrapbooker's Dream. Paper products are not included.

Payment: A \$50 non-refundable deposit is required to reserve your party.
Final Payment is due at the party.
